

MAHESH SELLAMUTHU

PRINCIPAL ARCHITECT | CLOUD & ENTERPRISE SOLUTIONS

Microservices | Azure | .NET | DevOps | Distributed Systems | Cloud Architecture

Bangalore, India | +91 95357 95322 | smaheshsoft@gmail.com | <https://www.linkedin.com/in/mahesh-sellamuthu>

PROFESSIONAL SUMMARY

Technology leader and Principal Architect with 15+ years of experience driving enterprise architecture, cloud transformation, and large-scale digital platforms on Microsoft Azure. Proven expertise in cloud-native microservices, distributed systems, DevOps automation, and high-availability architectures supporting 10M+ users. Track record of delivering 99.99% uptime, 50%+ operational efficiency, and 20% cost optimization through architecture modernization and CI/CD excellence. Strong background in technical leadership, Agile delivery, security governance, and stakeholder management, well-suited for Director, VP, and Staff Architect roles.

CORE SKILLS

Cloud & Platform: Microsoft Azure, Azure Architecture, Azure IaaS, Azure PaaS, Azure Functions, Azure Service Bus, Azure Search, Azure Key Vault, Azure IoT Hub

Architecture & Design: Enterprise Architecture, Microservices Architecture, Cloud-Native Design, Distributed Systems, System Design, High Availability, Scalability, Disaster Recovery

Backend Development: C#, .NET Core, ASP.NET, Entity Framework, Web API, REST APIs

DevOps & Automation: Azure DevOps, CI/CD Pipelines, DevOps Automation, Docker, Kubernetes, Containerization

Databases & Data Stores: SQL Server 2022, PostgreSQL, Redis, Elasticsearch

Security & Governance: Cloud Security, Security Architecture, Identity & Access Management, OAuth, JWT, Compliance & Governance

Leadership & Delivery: Technical Leadership, Agile, Scrum, Stakeholder Management, Performance Optimization, API Strategy, System Integration

PROFESSIONAL EXPERIENCE

Principal Architect | Wissen Technology, Bangalore | Dec 2024 – Present

- Defined enterprise architecture roadmap for a Battery Swapping & Energy Platform, enabling multi-region deployments, 99.99% availability, and multi-currency billing.
- Architected cloud-native microservices platforms on Azure to support high throughput, fault tolerance, and future scale.
- Delivered 30% performance improvement and 20% infrastructure cost savings (~₹80L/year) through architecture optimization and cloud cost governance.
- Established CI/CD standards and DevOps automation, accelerating delivery speed by 50% across teams.
- Acted as senior technology advisor to business stakeholders, ensuring alignment between technology strategy and business outcomes.

Technical Architect | RGBSI, Bangalore | Jul 2024 – Oct 2024

- Led architecture and delivery of the EQLMS enterprise platform, streamlining system integrations.
- Improved backend processing and API performance by 25% through architectural and data-flow optimization.
- Ensured scalability, security, and maintainability using cloud-native best practices.

Assistant Director – Technology | Ernst & Young (EY), Bangalore | Nov 2021 – Apr 2024

- Led enterprise-wide architecture modernization initiatives for platforms serving 10M+ users.
- Improved application performance by 40% and usability metrics by 25%.
- Drove Agile and DevOps transformation for a 20-member engineering organization, reducing release cycles from 6 weeks to 2 weeks.
- Partnered with risk and security teams to ensure enterprise-grade compliance, governance, and cloud security.
- Mentored senior engineers and architects, strengthening technical standards and leadership capability.

Senior Software Engineer | Allscripts, Bangalore | Sep 2018 – Oct 2021

- Developed scalable healthcare systems processing 100K+ daily patient records.
- Increased platform reliability to 99.9% uptime through performance tuning and resilient design.
- Reduced application latency by 40% using optimized APIs, database tuning, and caching strategies.

Associate Team Lead | Zenith Software Pvt. Ltd., Bangalore | Jan 2015 – Sep 2018

- Delivered a global hotel booking platform integrated with Expedia and third-party APIs.
- Improved booking speed by 30% and enabled 50% transaction growth.
- Led engineering efforts and ensured consistent delivery quality.

Developer | Interface Business Solutions Pvt. Ltd., Mumbai | Jun 2013 – Nov 2014

- Built and integrated e-commerce systems, increasing transaction throughput by 3x.
- Reduced defects by 40% through structured code reviews and best practices.

Senior Software Engineer | Zobble Solutions Pvt. Ltd., Mumbai | Nov 2011 – May 2013

- Developed e-learning platforms supporting 20K+ users.
- Achieved 35% faster feature delivery through reusable components and improved workflows.
- Managed a 10-member development team under tight deadlines.

Software Consultant | Info Jyothi Software Consultancy, Chennai | Oct 2010 – Oct 2011

- Delivered applications for PWD government projects, reducing manual workflows by ~50% and improving operational efficiency.

EDUCATION

Bachelor of Engineering – Computer Software Engineering | Nandha Engineering College, Anna University | 2010 | 70.18%
